Brief Description of Ministry: We have started a Q'eqchi' Pastor's Institute. We have a 3 year program training national Q'eqchi' men to be self-sustaining pastors. We also do church planting in unreached Q'eqchi' villages.

Current Ministry Goals: Train 150 pastors for 150 villages in the next 10 years.

Urgent or Ongoing Prayer Request: Prayer for students as they are training and for our graduates as they go out and plant churches.
