Brief Description of Ministry: We are asking God for a gospel movement among the 15 largest cities in Poland, the Czech Republic and Slovakia that will also plant gospel communities in at least five unreached villages around each of these cities.

Our Role:

Our role will be to help develop and give oversight to a team of cross cultural workers who will come alongside polish believers to help catalyze a disciple making movement in the city of Poznan. We hope to see groups of disciples multiply and organize into new churches throughout the city.

Poznan, Poland is one of those 15 largest cities with a population of 1,000,000 people. In Poznan there are only 1,200 evangelicals and 17 evangelical churches. That is one church for every 58,000 people. Poznan is considered unreached and in need of a gospel movement.

Urgent or Ongoing Prayer Request:

- For us to get to 100% monthly funded.
- For more teammates to join us in Poland.
- For the Polish people to collaborate together.
